Family, Argentine
Tango, Reading,
Cinema, Music,
Swimming,
Martial Arts,
Travelling...

Objective: leverage on my analytical and organizational skills, and on my diverse experience, to develop business and carry out civic actions in an international setting

Professional experience (consulting, management, R&D, teaching)

- **Management Consultant** [Stance Partners (France), since 2006]
- **Associate Professor of Computer Science and Mathematics** [Uni. Poitiers / CNRS (France), 2003–2006]
- **Assistant Professor of Computer Science** [Uni. Paris XII (France), 2001–2003]
- **R&D Consultant in Mathematics at Bell Labs** [Alcatel-Lucent (USA), 2001]
- **PhD Student in Information Systems Security** [INRIA, Projet CODES (France), 1997–2001]
- **R&D Consultant in Coding Theory for the Magma Group** [Uni. Sydney (Australia), 1996–2001]

- **Contribution to various projects for Air France / KLM, Alcatel, AXA, French Government Accountability Office, France Telecom, French Navy, French Postal Service, SAFRAN, Tibett & Britten, Valeo... such as:**
 - **Audit Team Leader – Audit of the IT Governance of the National Health Service** (Budget: 135Bn€ / 107000 employees / 60 million insureds), for the French Government Accountability Office. (5 months, 2009)
 - **Project Leader – Evolution of the Investment Programs Governance for the Strategy Department of a Bank** (Net Banking Income : 4.8 Bn€ / 30000 employees in 2008) Definition of strategic weighting criteria for investment prioritization and monitoring. Process reengineering. Specification of a portfolio management software. (4 months, 2009)
 - **Program Manager – Overhaul of the Quality Management System of the IT Branch of a World Leader in Air Transport, in an International Merger Setting** (Group turnover : 24 Bn€ / 103000 employees in 2007). Framing study, service-oriented enterprise architecture (SOA, ITIL), integration of a selection of best practices (COBIT, VallT...), global risk & security management, integration of the sustainable development approach. (30 months, 2006–2009)
- **Research & Development for French Atomic Energy Commission, Pitié-Salpêtrière Hospital, INRIA, Lucent Technologies (Murray Hill NJ, USA), MSRI (Berkeley CA, USA), University of Sydney (Australia)... such as:**
 - **Fundamental and Applied Research in Information Systems Security** (computer algebra, algorithmic number theory, effective algebraic geometry, coding, cryptology). PhD Thesis (2001) about the list decoding of algebraic-geometric codes. (1996–2006)
 - **Research in Computer Medicine**. Co-advisor of a project about diagnosis assistance. (6 months, 2006)
- **Teaching at Universities of Paris VI, Paris VII, Paris XII, Versailles St-Quentin, Poitiers, the ISC, the École Polytechnique and the École Centrale de Paris (n°1 and n°2 French Engineering Schools)... such as:**
 - **Business Process Management** course at École Centrale de Paris (2009)
 - **Management of Information Systems** (COBIT, ITIL, CMMi...) course at the ISC MBA. (2008)
 - **Security, Architecture, Algorithmics, Programming...** courses in various BSc and MSc curricula (1995–2006)
- **Communication toward general audiences (magazines, TV...) such as:**
 - « **Math in Jeans** » Workshops. Coordination of 8 teachers and 23 students of three schools on a research project about information coding. Second Prize « Faites de la science » 2005, project selected to represent France in the Mathematics and Computer Science disciplines at « Science on Stage », CERN, Geneva. (2004–2005)
 - **Articles in scientific and technical magazines** (La Recherche, Linux Magazine...). (2003, 2005)

Civic Engagement

- **Officer (Major – « Commandant ») in the French Military Reserve** [French Army, since 2007]
 - **Support to Strategic Performance Management**, French Army General Staff. (since 2009)
 - **Development of the Defense & Business Relationship**, Military Governorate of Paris. (2007–2009)
- **Founder of a Citizen and European Workgroup about Security and Defense** [Eurocitoyens, 2007–2008]
 - **Organization of a series of debates at the Interparliamentary European Security and Defence Assembly (WEU) and at the European Parliament Paris Bureau** which gathered a hundreded participants (officers, business executives, physicians, policemen, firemen, teachers, parliamentary...), with the support of the Union-IHEDN.
 - **Communication of a Report to the White Book Committee, to the President of the Republic** and to French and European Parliamentaries in preparation for the EU French Presidency. Distributed to the public in May 2008.
- **Member of the National Council and of the Executive Committee (Paris Sud)** [European Movement, 2007–2009]
 - **Spokeman** of the Euroreflex Workgroup at a Conference about Research in Europe (French Senate, 2006).
- **Administrator in charge of International Relations** [EUPIA (cofounder) / Inflamm'œil, 2004 – 2006]
 - **French Editor** of the ophthalmology journal *Uveitis* (printed to 25000 copies in Europe). Partnerships Management.
- **Executive and Supervisory Boards Chairman, and Emergency Manager** [Red Cross, depuis 1992]
 - **Member of the Council and Financial Commission of Paris Branch (2003 – 2006)**. Contribution to administrative and financial management (1600 employees, 1600 volunteers, budget: 38M€). Chairman of the Supervisory Boards of Social Emergency Units. Cofounder of the French Red Cross Choir.
 - **Executive Chairman of Paris VIII Branch (2003 – 2006)**. General management of 120 people. Doubling of manpower and cash, multiplication by ten of the revenue coming from partnerships, and donations.
 - **Emergency Director (1999 – 2000) / Manager (since 1993) of Paris VIII Branch**. Founder of the Emergency Team (1995). Emergency Team Leader (since 1998). First Aid Instructor (since 1993). Design of the first French Red Cross Website (1995). Member of the Red Cross since 1992.

Education

- **Global Executive MBA** [INSEAD (France, Singapore, Abu Dhabi), 2010 (in progress)]
- **PhD in Computer Science** [INRIA, Uni. Paris VI (France), 2001]
- **MSc in Computer Science & Modeling** [Normale Sup' (ENS-Lyon), Uni. Lyon I, Uni. Grenoble I (France), 1997]
- **MSc in Applied Mathematics** [Uni. Grenoble I (France), 1997]
- **BA in Philosophy** [Uni. Paris IV, Sorbonne (France), 1999]
